

Allies in Autism Education (AAE) Team

AAE Team VISION: Effectively collaborate to ensure there are sustainable systems in place to help teachers and all students learn at high levels.

The AAE team is a group of professionals in the Manitowoc Public School District who meet four times a year to discuss best practices, needs of students in the district and brainstorm ideas to improve academic and functional outcomes for students with autism in the school setting.

The Allies in Autism Education team members may help with observations and problem-solve strategies/ideas teachers can implement in the classroom to help overcome learning barriers. The AAE members can also provide coaching and support as needed to ensure evidenced-based practices are being used with fidelity. Topics of support include, but are not limited to: strategies on behaviors, ideas to help with routines, increasing student independence, and integrating supports in the general education setting.

AAE members per building:

<i>Michelle Christman- Jackson Natalie Christensen- Jackson Ali Barry- Riverview Allison Henry- Riverview Julie Buehler- Riverview Lindsay Prowls - Monroe Alyson Bushman- Madison</i>	<i>Jen Slaby- Jefferson Teresa Stockinger- Franklin Angie Martinez-Washington Kerry Kading- Wilson Carrie Ott- Lincoln</i>	<i>Kristin Sorenson- Central Office Kim Post- Autism Mentor, CESA7 Chris Dirkes - Mckinley/Stangel</i>
